### Technical data

Protective shroud to mount underneath the emergency-stop

|        |                             |
|--------|-----------------------------|
| Type   | QRSK64                      |
| Series | Accessories                 |
| Rubric | Accessories for pushbuttons |

### → General data

|                       |                                              |
|-----------------------|----------------------------------------------|
| Operating temperature | -30 °C ... 70 °C                             |
| Panel cut-out         | Ø 22.3 mm                                    |
| Colour                | Yellow                                       |
| Weight                | 27 g                                         |
| Storage temperature   | -50 °C ... 85 °C                             |
| Material              | PA66                                         |
| Standards             | EN 60947-5-1<br>EN 60947-5-5<br>EN ISO 13850 |

### Important notes

- Use nut M22X1\_MB enclosed in the protective collar
- Installation panel thickness for suitable QR(B)(L)UV... is reduced to 1.0 to 4.0 mm

### Important installation note

- Tightening torque (mounting nut) with emergency stop QRBLUV00I\_C1190 is reduced to 0.8 to 1.4 Nm
