

RRJ\_M124A\_100CM

27.03.2023

**M12 jack 4-pole**

**General Data**

Type reference	RRJ_M124A_100CM
Description	M12 jack
Degree of protection	IP65 / IP67 (in the front)
Connection type	4-pole M12, A coded
Max. storage temperature	-25°C ... 80°C
Max. operating temperature	-5°C ... 80°C, for flexible installation -25°C ... 80°C, fixed installation

**Electrical features**

Operational voltage	250 V AC/DC
Operational current	4 A per contact
Rated impulse voltage	2.5 kV

**General data**

Mounting aperture	22.3 mm
Tightening torque (mounting nut)	1.5 ... 1.9 Nm

**Note**

Front ring  
 ...silver-coloured (standard)  
 VA ...stainless steel polished  
 SW ...black

IP information: in plugged and screwed condition

Jack on the front side: M12 jack, A coded, 4 poles  
 Connection on the rear: PVC cable; wires 0.34 mm<sup>2</sup> (AWG22)  
 stripped, not stripped  
 1: brown; 2: white; 3: blue; 4: black  
 Length: 100 cm

Housing colour: if not specified, standardly titanium lacquered  
 SW = black
